1. STATE INSTITUTE OF NURSING & PARA-MEDICAL SCIENCES, BADAL – AN INTRODUCTION

The economy of the Malwa belt Dists. Muktsar, Mansa, Moga, Ferozpur, Faridkot and Bathinda of Punjab is pre-dominantly agrarian and there are very few industrial or trade activities. Female literacy is lowest in the area as people do not encourage female education. At present most of the educational facilities are available in the developed urban areas. To fulfill all these gaps the Govt. of Punjab has set up **State Institute of Nursing & Para-Medical Sciences**, at Badal, district Muktsar, Punjab to pursue

- Strengthening of rural areas
- Encouraging Female Education.

The encouragement of female students of backward rural areas will raise their social status and enable them to get employment thus paving a way for revolutionary social change.

State Institute of Nursing & Para-Medical Sciences is located at village Badal, District Muktsar of Punjab State. The institute spreads over an area of 23 acres of government land on Bathinda–Badal road which has been transferred to Punjab Health Systems Corporation.

The construction of the institute was funded by the State Government with the help of the World Bank. The institute is being managed by Punjab Health Systems Corporation, Govt. of Punjab.

The institute came into running in August 2001 after a NOC was issued by the Govt. for 50 seats of General Nursing & Midwifery. The institute also got approval for the 50 seats of GNM from the two nursing councils viz. the state council i.e. Punjab Nurses’ Registration Council and the Indian Nursing Council, New Delhi.

Directorate of Research & Medical Education, Chandigarh issued NOC for the courses of Diploma in Medical Lab Technology and Diploma in Radiography.

2. OBJECTIVES

1. To impart vocational and professional education in rural and backward areas of Punjab.
2. To help the students to develop proper aptitude for devoted services.
